

## ABOUT ME

I am a motivated person, with attention to detail and dedicated to constantly improving professionally. I like to work in a team, evaluate the way to optimize my role in it and adapt to the task that is up to me.

As a student, my goal is to gain professional experience in the field of my interest while developing my job skills.

Being a person with capacities for communication and socialization I have a predisposition to teamwork and to do my best so that the group reaches its objectives.
